SUMMARY

I'm a web developer who enjoys creating clean and responsive websites using React, JavaScript, HTML, CSS, Bootstrap, and Tailwind CSS. I use tools like GitHub to manage my code and deploy my projects on platforms like Vercel and Netlify. I'm passionate about learning new things and currently working on improving my skills to become a full-stack developer.

PROFESSIONAL EXPERIENCE

Creative Insight IT Academy

Pursuing Full Stack Development Course (Frontend Completed)

- Gained strong expertise in front-end technologies including React.js, JavaScript, HTML, CSS, Bootstrap, and Tailwind CSS.
- Built and deployed responsive frontend projects using GitHub and Netlify.
- Strengthened problem-solving and debugging skills through hands-on frontend project work.
- Currently learning backend technologies including Node.js, Express.js, and MongoDB.
